LEDLENSER.

Ledlenser lights are a technological sensation. Designed in Germany, they have revolutionised personal lighting with their incredible brightness, range and burn time.

Ledlenser have quickly become the worldwide leader of LED light manufacturing with more than 200 patents and awards for design and engineering.

As a guarantee of their quality, all Ledlenser products feature a 7 year extended warranty.

7 YEAR WARRANTY*

Ledlenser Technology

ADVANCED FOCUS SYSTEM

Advanced Focus System
Most Ledlenser models feature the patented Advanced Focus System (AFS). This lens and reflector technology lets you choose between a broad floodlight or a sharply focused long-distance beam. The transition between the two light options is seamless.

SMART LIGHT TECHNOLOGY

Smart Light Technology
Offers you the chance to customise your torch or headlamp with a variety of light functions and energy modes. Most Ledlenser lights offer you the chance to switch between different light modes (eg high, medium, low, blink, SOS etc), and some also let you manage your battery life with two energy modes – Constant Current and Energy Saving.

RAPID FOCUS

Rapid Focus (One-handed Speed Focus)
Ledlenser's Rapid Focus means you can focus your torch quickly and easily with one hand by moving the head of the torch in and out with your thumb.

X-LENS TECHNOLOGY

X-Lens Technology
An extension of Advanced Focus Technology, X-Lens Technology combines the output of multiple LEDs into a powerful light beam and still lets you choose between either a broad floodlight or a focused long-range beam.

FLOATING CHARGE SYSTEM

Floating Charge System
Many Ledlenser rechargeable models feature the Floating Charge System for hassle free recharging. The charging connection is made via a magnetic connection – no need to muck around removing batteries!

OPTISENSE TECHNOLOGY

Optisense Technology
Whether it's early morning, late evening or a pitch-black night, with Optisense technology your Ledlenser will automatically adapt to the surrounding light, giving you the perfect level of lighting for what you are doing.

TEMPERATURE CONTROL

Temperature Control
Ledlenser torches will never be hot or overheat regardless of how much you use it. No need to worry about burns.

Ledlenser MT6 Torch

LED500845   *GIFT BOX*

Impressive brightness and beam range on 3 x AA batteries.

FEATURES

- Smart Light Technology (SLT)
- Advanced Focus System
- One-handed Speed Focus
- Front switch with battery status indicator
- Runs on either standard or rechargeable batteries
- Temperature Control System
- Transport lock

Comes with: 3 x AA batteries, belt sheath, lanyard.

SPECIFICATIONS			
	HIGH	MEDIUM	LOW
BRIGHTNESS	600 lumens	200 lumens	10 lumens
BEAM RANGE	260m	120m	30m
BURN TIME	8 hours	15 hours	192 hours
WATER RESISTANCE	IPX4		
WEIGHT	250g		
LENGTH	148mm		
DIAMETER	42mm (head) 35mm (body)		
BATTERIES	3 x AA (included)		
SLT LIGHT FUNCTIONS	High Power, Med Power, Low Power, Strobe		
SLT ENERGY MODES	Constant Current, Energy Saving		

Ledlenser MT10 Rechargeable Torch

LED500843   *GIFT BOX*

Compact, lightweight, rechargeable torch that produces an incredible 1000 lumens of light.

FEATURES

- Smart Light Technology (SLT)
- Advanced Focus System
- One-handed Speed Focus
- Rechargeable
- Front switch with battery status indicator
- Transport Lock
- Practical pocket clip
- USB Port 3.0

Comes with: 1 x CR18650 Li-ion rechargeable battery, pocket/belt clip, USB cable, belt sheath, lanyard.

Ledlenser MH11 Rechargeable Headlamp

Your customers can set up their MH11 headlamp exactly how they want it using an app on their phone!

The 'Ledlenser Connect' app makes customising the headlamp incredibly simple and straightforward. With Bluetooth connection, your customer gets to decide exactly what light settings they want to access when pressing the buttons on their headlamp.

Add all this intelligence to the other features; rechargeable, Advanced Focus System, red, blue and green light options, 7 year extended warranty plus 1000 lumens of light over 320 metres – this is a headlamp that stands apart from all the rest.

LED502166   *blk/orange*

LED500996   *grey*

The flagship headlamp in the outdoor series that is fully customisable via the 'Ledlenser connect' app, so your customers can decide exactly what light settings they want to access when pressing the button on the headlamp.

FEATURES
Comes with: 1 x battery pack, magnetic charge system and transport pouch.

- Smart Light Technology (SLT)
- Advanced Focus System
- Rechargeable
- Tiltable headlamp

WEIGHT	175g	
LENGTH	132mm	
DIAMETER	37mm (head) 35mm (body)	
BATTERIES	4 x AAA (included)	
SLT LIGHT FUNCTIONS	High Power, Low Power, Blink	

RED LIGHT helps to preserve your night vision as your eyes react less.
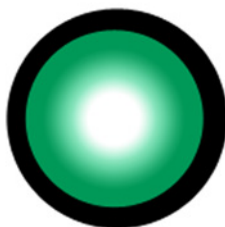

GREEN LIGHT makes it easier to observe wildlife or hunt animals. It is almost impossible for animals to see green light so they are not disturbed by it.
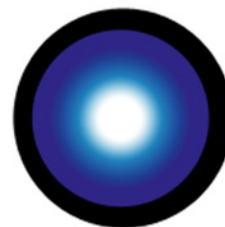

BLUE LIGHT makes fluid such as blood or sweat appear black, providing a higher contrast than in white light making it easier to recognise.
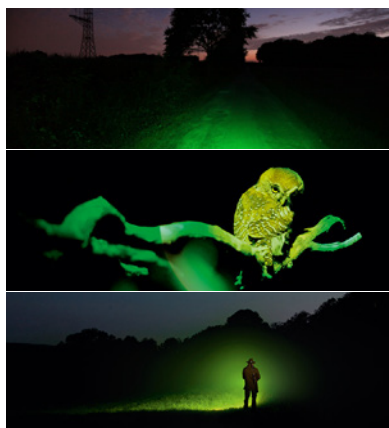

Ledlenser T2QC Torch

LED9802-QC   *GIFT BOX*

A compact torch offering 4 different light colours (red, green, blue and white).

FEATURES

- Four different light colours
- Prismatic diffuser
- Waterproof to IPX6 rating
- High-grade aluminium casing
- Gold plated contacts

Comes with: lanyard, 3 x AAA batteries.

BATTERIES	Li-ion 3.7V rechargeable (included)	
BATTERY CAPACITY	750mAh	
DIMENSIONS	27 x 20 x 157mm	
SLT LIGHT FUNCTIONS	High, Low	

Ledlenser Silicone Headband Type A

LED501595

Non-slip rubber headband for use on helmets or hardhats. Compatible with EXH8, EXH8R, iLH8R, iH7R CRI, iH8R, iSEO3, iSEO5R, iXEO19R.

Ledlenser Magnetic Mount

LED501033

With this handy magnetic clip, your MT10 or MT14 torch can be attached to almost any steel tube, such as a tent pole or gun barrel. Suitable for use with a .22 or lighter calibre rifles.

Fits a variety of different tube diameters.

Ledlenser Remote Switch

LED501024   *Type D (MT10)*
LED501025   *Type E (MT14)*

This remote switch allows you to soundlessly turn on your Ledlenser MT10 or MT14 torch at a distance (30-50cm cord stretch). The double switch allows you to choose whether to switch on the light permanently or only for as long as you press the button.

Ledlenser GoPro Adapter Set

LED501035   *Type B (MT6)*

Adapter to attach your Ledlenser torch to nearly all GoPro-compatible systems and accessories. Type B fits the MT6 while Type A fits the MT10 or MT14 as well as the P7.2, P7R and P7QC.

The GoPro end of the adaptor also fits 25mm/1" scopes.

Ledlenser Clamp (for 7 series models)

LED7799-PT

Used to mount torch to gun scope or bike handles. Fits: P7, T7.2, T7M, L7 and previous models: P7.2, Hokus Focus, M7R, M7R-X, X7R.

Ledlenser Gun Mount Accessory

LED0362

Can be used to mount a torch to gun scope. Fits: P7, P7R, TT, T7.2, T7M, L7 and previous models: P7.2 Hokus Focus, M7R, M7R-X.

Torch not included.

Ledlenser XEO Helmet Kit

LED0402

Whether you ride a mountain bike, road bike or motorbike, this connecting kit allows you to attach your XEO Headlamp to your helmet. Kit includes 4 velcro straps for bike helmets, and 2 x 3M tape mounts for rigid helmets.

Ledlenser XEO PowerBox

LL500831

Upgraded XEO PowerBox with 30% more runtime. Compatible with the XEO 19R, H14R.2, H7R.2 and H6R headlamps and can also recharge cellphones & other electrical devices.

Ledlenser Helmet Kit H14.2/H14R.2

LED0393

Use to attach H14.2/H14R.2 headlamps to bike, outdoor and construction helmets. 3 velcro straps and double sided tape included.

Ledlenser SEO Helmet Kit

LED0368

Allows a SEO headlamp to be attached to a helmet.

Ledlenser Replacement Sheaths/Pouches

LED0333   *Ledlenser Pouch (P7.2)*

All pouches are made from Cordura® polyamide and come with a practical Velcro® fastener.

Ledlenser SEO Charge Adapter

LED0389

Charge Adapter for all SEO headlamps.

Ledlenser Helmetband Clip

LED0395

Keep your headlamp headband secure on your helmet with these strong fixing clips. Pack of 2.

Ledlenser P7.2 Pressure Switch

LED0361

Ideal if you have to switch on the torch without a sound. Switch is mounted under thumb on gun stock for easy access when night hunting. For use with T7M, P7.2.

Battery charger for CR18650 battery

LED0355

Battery charger for the CR18650 rechargeable battery used in the F1R, P7R and M7R torches.

Ledlenser Filter Set

LED0313-F   *colour filter set*

Filter colours: red, blue, green, yellow.

Fits: P7.2, H14 and H14R and other torch models with a head diameter of 37 mm.

Ledlenser SEO Headband

LED0375   *grey*

Replacement headband for a Ledlenser SEO headlamp.

Ledlenser NEO6R Extension Cable

LED500937   *Ledlenser NEO6R Extension Cable*

This extension cable enables you to put the battery box into your pocket or your bag. 1m length.

Ledlenser Helmet Clips

LLHELMETCLIP   *Ledlenser helmet clips*

NEW

"U" style clip to suit popular open-faced helmets. Used to limit headlamp movement when mounted on helmets. Comes in a packet of four
