PUROFORT® GUARANTEES YOU LONG-LASTING COMFORT

Strong and
Flexible

ENGINEERED FOR SUPERIOR PRODUCT PERFORMANCE

Purofort® is the unique Dunlop® material with millions of air pockets that are evenly distributed in a cross-linked structure. This creates a lightweight and thermally insulating material that is exceptionally strong and flexible, guaranteeing you superior product performance.

PUROFORT®

BENEFITS

LIGHTWEIGHT

Purofort® boots are up to 35% lighter than PVC, rubber or competitive PU boots. No more tired feet!

EXCELLENT COLD INSULATION

Purofort® prevents heat loss and provides thermal insulation down to -20°C and even to -50°C. No more cold feet!

FLEXIBLE

Purofort® is extremely flexible, giving you maximum comfort.

MAX STRETCH

Purofort® provides maximum stretch, assuring your boots a longer life-time.

FREE WEAR TRIAL? DUNLOP® HELPS YOU TO SELECT THE BEST SAFETY BOOT

More than 20% of fatal accidents at work in the EU take place within the construction sector. Looking at non-fatal accidents, Slips, Trips and Falls are the second most common cause of serious injury (19%).

Since industrial work includes a variety of activities, we offer specific wear trial programs to help you keep your workforce as safe and comfortable as possible.

ABOUT DUNLOP®

130 years at the leading edge of innovation

WHO WE ARE

We are dunlop protective footwear, the leading global manufacturer of protective footwear. In more than 50 countries worldwide, we provide safety-enhancing, comfortable and durable footwear for our users, the workers and the doers in agriculture & fishery, food processing, industry, construction and the oil, gas & mining industry. Our continuous innovation, based on end-user insight, and cutting-edge technology and data, makes for the best protective footwear in the world for the workers and doers in the segments we serve.

Caring about matters of environment, social and governance (esg) is at the heart of dunlop's dna. Dunlop has always been an industry pioneer and front-runner. Our 2022 ecovadis gold rating confirms that this holds true equally for our work in the domains of esg.

CARE BEYOND SAFETY

WHY WE DO WHAT WE DO

Being doers ourselves, we understand what our users, the one billion heroes and heroines who day-in-day-out provide us with food, shelter and energy, face and need in their everyday work. We realize that, in a way, the world depends on them. These workers and doers are the reason we exist. As the safety and well-being experts, we are here to provide them with the best possible products and services. However, in our vision, our role doesn't end there.

The way we see it, we should not only focus on the safety of makers and doers today, but take responsibility for the bigger challenges of tomorrow as well. That's why we choose to take responsibility for the well-being of our co-workers, our customers, our partners and the planet. We want to make Dunlop a force for good using innovation, technology and action to 'Care beyond Safety'. This is our purpose, this is what we stand for.

Dunlop. Care beyond Safety.

OUR VISION:

We believe we should not only focus on the safety of makers and doers today, but take responsibility for the bigger challenges of tomorrow as well.

OUR VALUES:

- Purpose driven
- Teamwork
- Ownership

OUR PURPOSE:

We use innovation, technology and action to Care beyond Safety.

ABOUT DUNLOP®

WHAT WE DO

We design, develop and manufacture all of our high-quality protective footwear ourselves. We focus on our end-user's needs: to a farmer, safety means something else than to a construction builder. Working in a food processing plant requires other footwear than working on an oil platform. We understand that. So, we develop boots that are tailored to the task at hand. We actively engage with our customers and end-users and invest in continuous innovation, merging expertise with the latest technology.

At Dunlop Protective Footwear, we design, develop and produce all our clients' workplace safety boots in-house and, as such, can influence all processes from the outset. At our in-house laboratories and test centers, our teams of engineers continuously work on new boot designs, making our boots even lighter as well as more flexible, non-slip, durable and sustainable. As a result, our innovative footwear delivers the highest degrees of comfort and protection available in the market.

DUNLOP MANIFESTO

**WE ARE LIVING IN A TIME OF GREAT TRANSITION.
IN A WAY, HUMANITY IS EXPLORING NEW TERRAIN.**

**AT DUNLOP, WE PRIDE OURSELVES ON OUR HISTORY OF CONTINUOUS
INNOVATION, BRINGING ESSENTIAL SAFETY AND MAXIMUM
PERFORMANCE TO THE WORLD'S MAKERS AND DOERS WHO SOLVE
THE CHALLENGES OF TOMORROW.**

**WE ARE STEPPING UP TO PROVIDE SAFETY WHERE IT IS NEEDED THE
MOST. WITH AN UNSTOPPABLE DRIVE TOWARDS SMARTER BOOTS,
FEWER SLIPS, TRIPS AND FALLS, SOLUTIONS DRIVEN BY DATA AND
100% CIRCULAR PRODUCTION.**

**WE ARE COMMITTED TO CARE BEYOND THE ASK, FAR BEYOND SAFETY.
CARE THAT EXTENDS TO THE WELL-BEING OF OUR CO-WORKERS AND
OUR ENVIRONMENT, MAKING DUNLOP THE LEADER IN OUR INDUSTRY.**

**WE TAKE ON THE RESPONSIBILITY FOR KEEPING PEOPLE SAFE AS
THEY CARRY OUT THEIR IMPORTANT WORK, MAKING THE FUTURE A
SAFE AND EXCITING ENDEAVOUR FOR ALL.**

DUNLOP. CARE BEYOND SAFETY.
