## Features

- Tested to EN374
- AQL 1.5
- Ambidextrous
- Nitrile formulation conforms to the hand during use
- Beaded cuff
- Manufactured with diamond textured palms and fingers (and back of hand)
- Heavyweight construction
- Touchscreen compatible

## Benefits

- Resistant to a range of chemicals
- Meets medical standards including pinholes
- Ambidextrous fit means you don't have to split a pair to replace a damaged glove
- Offer a more comfortable fit
- Extra strength during donning and helps prevent liquid roll back
- Provides improved grip, particularly when working in wet or oily conditions
- Tough, durable and long lasting
- Suitable for use with mobile and tablet displays without removing gloves
