Features

• Tested to EN374 Type B
• AQL 1.5
• Free from latex
• Ambidextrous
• Free from silicone
• Extra strong formulation
• Beaded cuff
• Manufactured with textured fingertips
• Touchscreen compatible

Benefits

• Resistant to a range of chemicals
• Meets medical standards for pinholes
• Suitable for those with latex allergies (Type I sensitisation)
• Ambidextrous fit means you don't have to split a pair to replace a damaged glove
• No finger marks on metal or glass
• Improved durability
• Beaded cuff provides extra strength during donning and helps prevent liquid roll back
• Provides improved grip, particularly when working in wet or oily conditions
• Suitable for use with mobile and tablet displays without removing gloves
